

User Guide — Full App Walkthrough

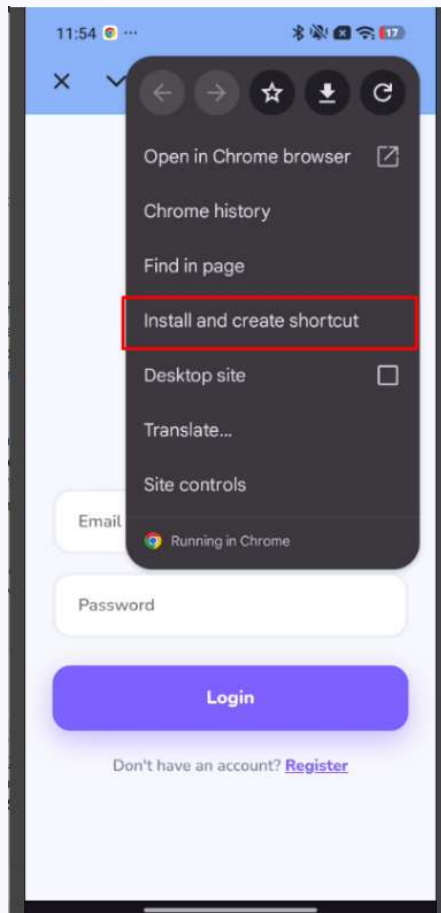

Step-by-step flow from opening the site to installing the app, registering, logging in, adding transactions, and logging out.

Note: Screenshot placeholders are marked throughout — replace each dashed box with the matching screen capture.

1 Open Spendlyst in Your Browser

Start by opening the Spendlyst web app in your mobile browser.

- Open Chrome (Android) or Safari (iOS).
- Go to
- The Spendlyst dashboard/login screen will load in the browser.

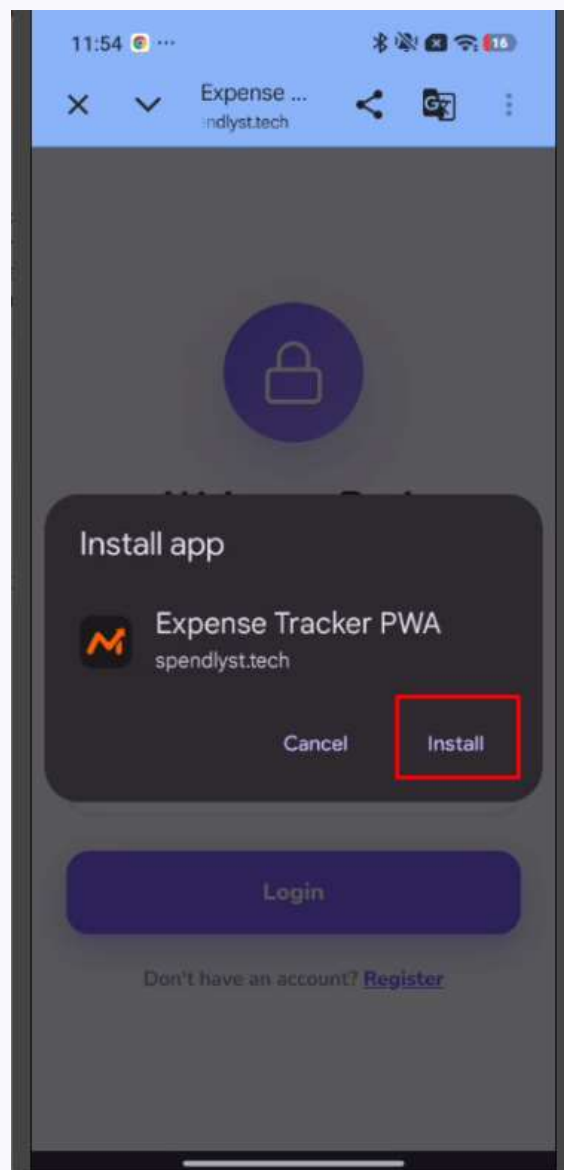

2

Install Spendlyst as an App

Spendlyst is a Progressive Web App (PWA) — you can install it to your home screen so it opens like a native app.

On Android (Chrome):

- Tap the three-dot menu (⋮) in the top-right corner of Chrome.
- Tap "Install app" or "Add to Home screen".
- Confirm by tapping "Install" or "Add" in the popup.

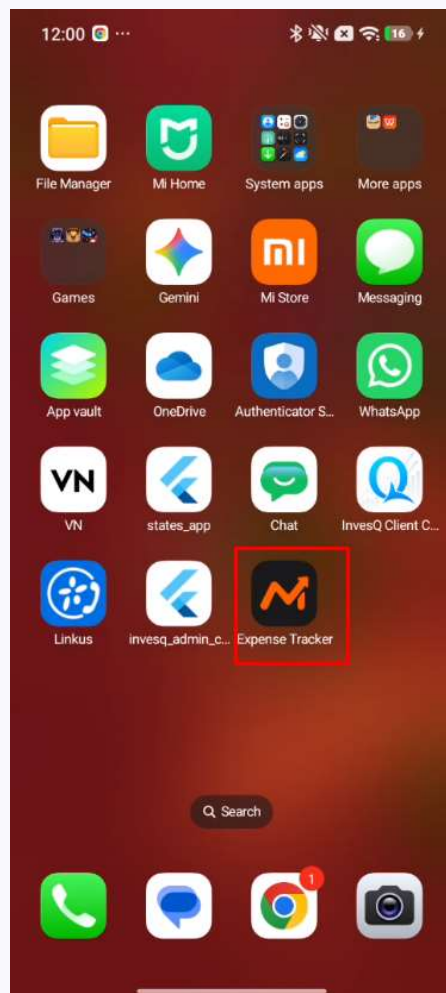

3

Open Spendlyst from Your Home Screen

Once installed, Spendlyst behaves like any other app on your device.

- Go to your phone's home screen or app menu.
- Tap the Spendlyst icon to launch the app.
- The app opens directly to the Login screen.

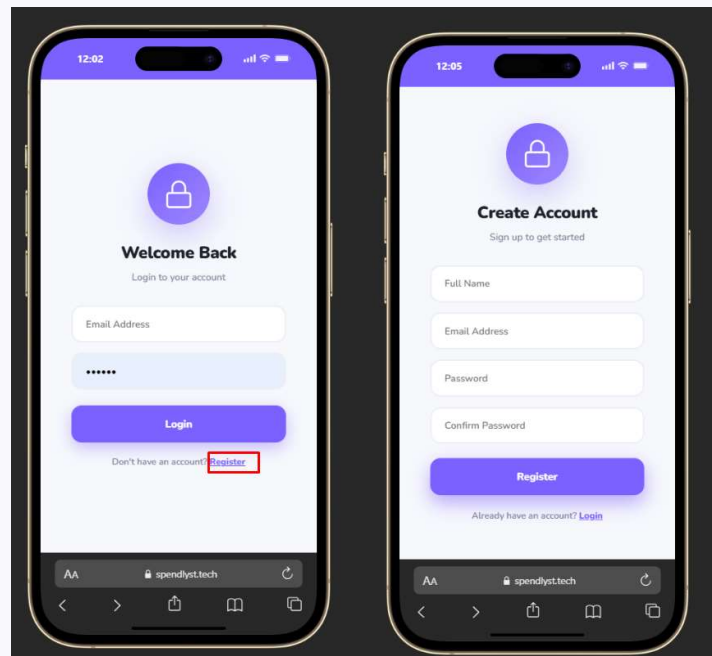

4

Register a New Account

First-time users need to create an account before logging in.

- On the Login screen, tap "Register" (or "Sign Up").
- This opens the registration form.

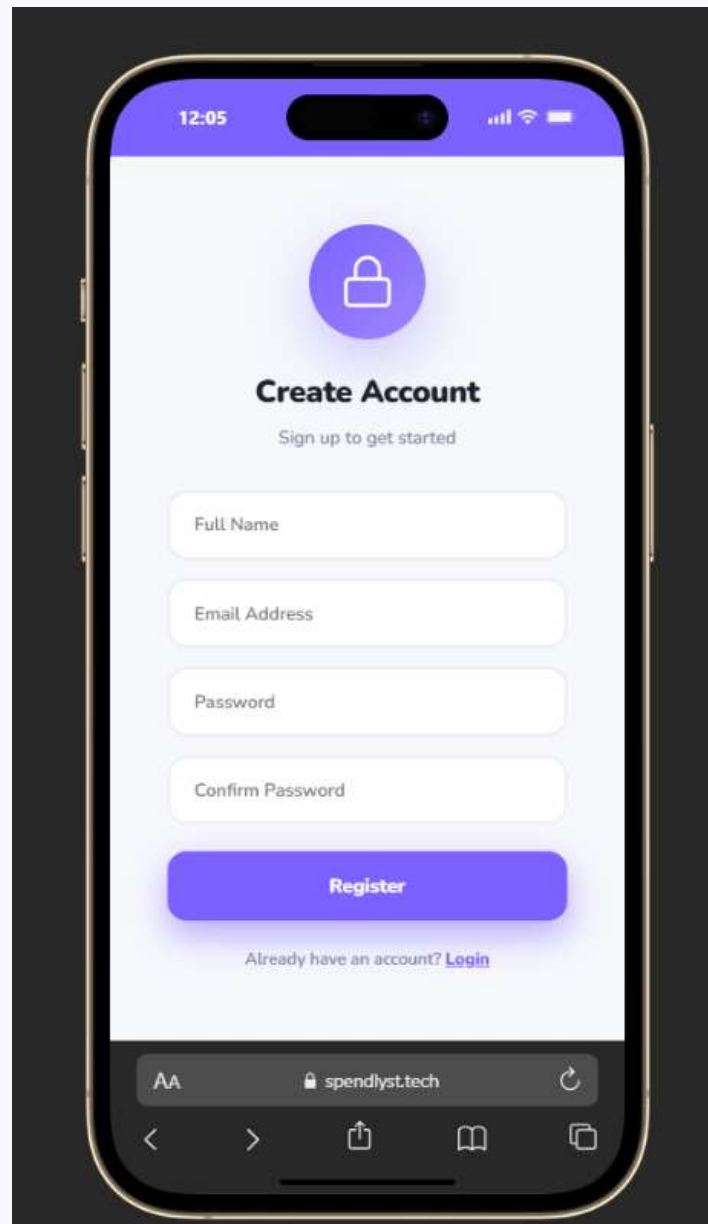

5

Fill in Your Registration Details

Enter your details to create your account.

- Full Name
- Email Address
- Password
- Tap "Register" / "Sign Up" to submit.
- You'll be taken straight back to the Login screen — no email verification step required.

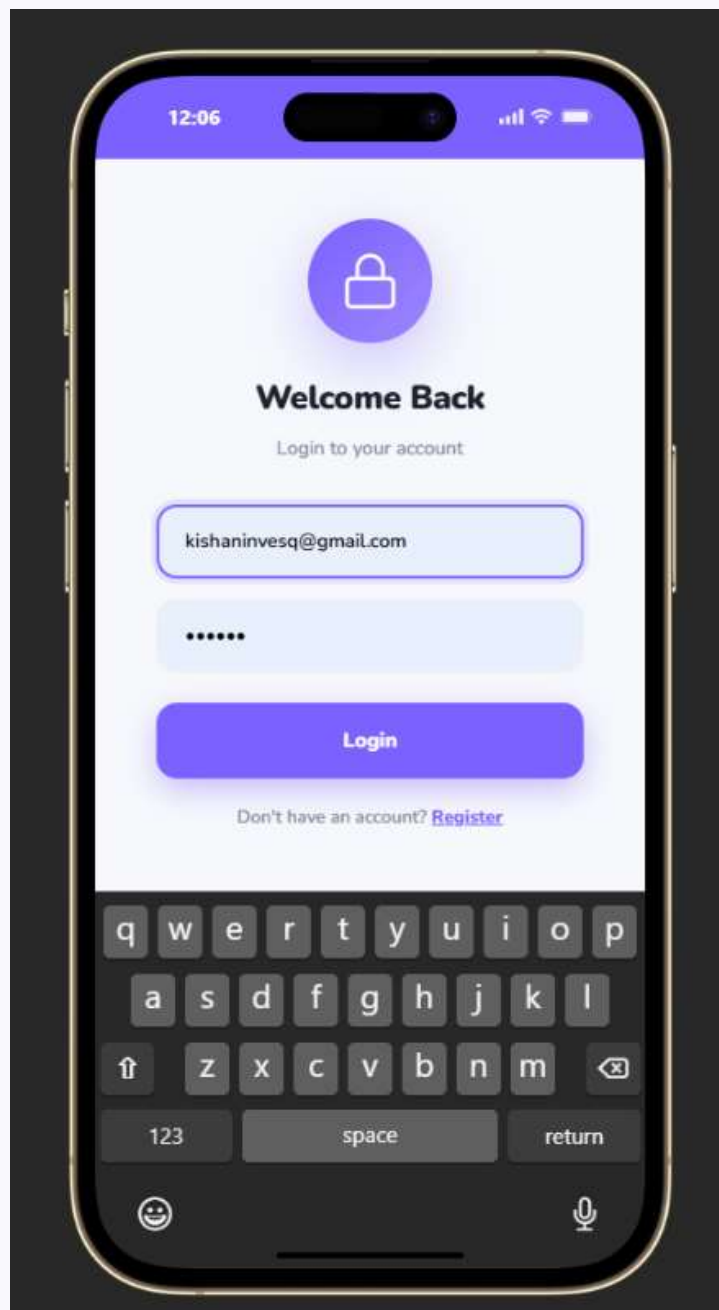

6

Log In With Your Credentials

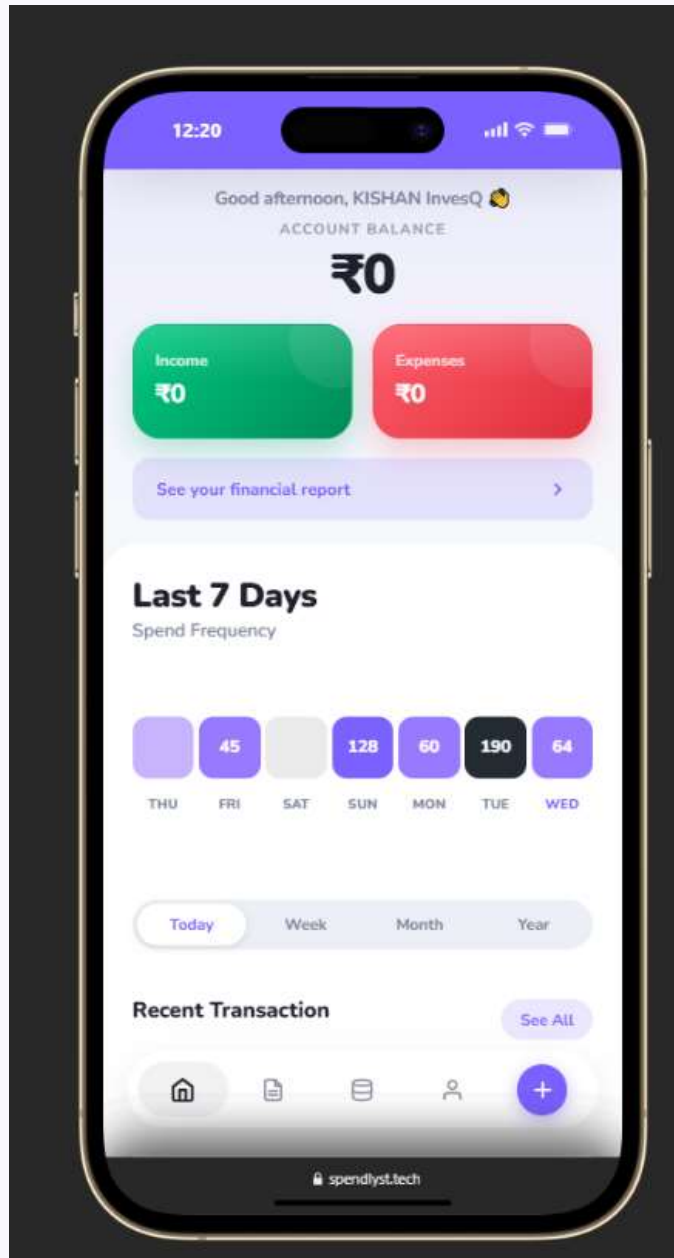

Use the account you just created to log in.

- Enter your registered Email Address.
- Enter your Password.
- Tap "Login".
- You'll land on the Dashboard.

The Dashboard is your home screen — it shows your current balance and recent activity at a glance.

- Current balance card at the top.
- Recent transactions list below it.
- Bottom navigation bar for quick access to other sections.

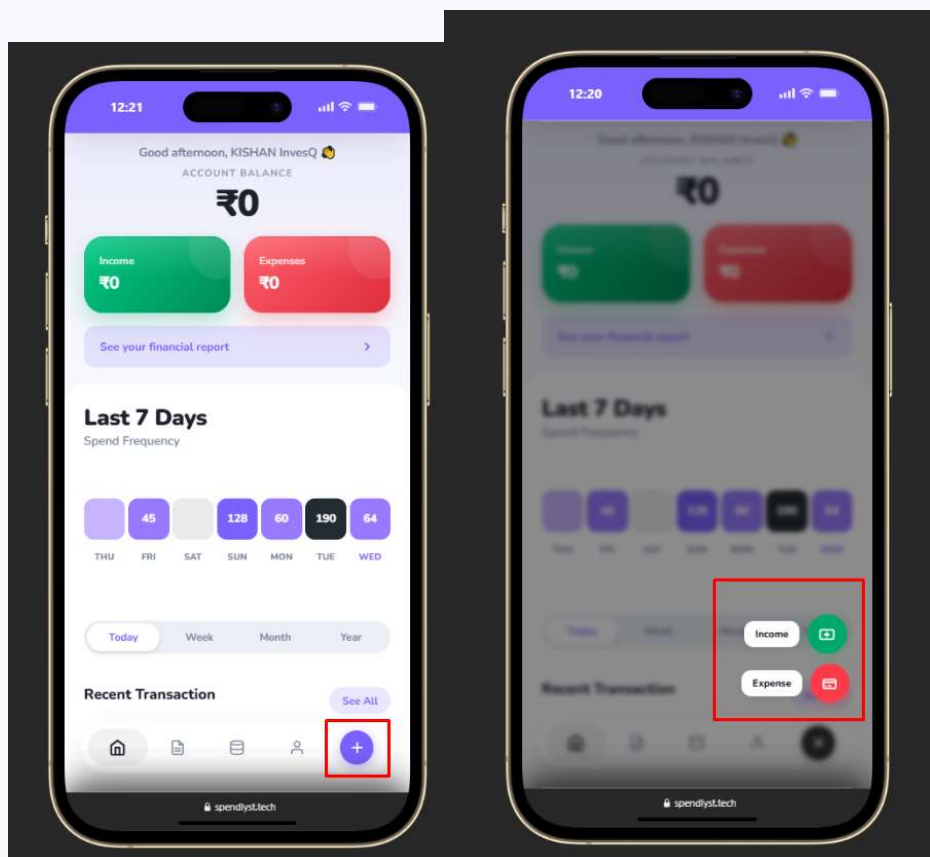

8

Add an Income or Expense

Log a new transaction directly from the Dashboard.

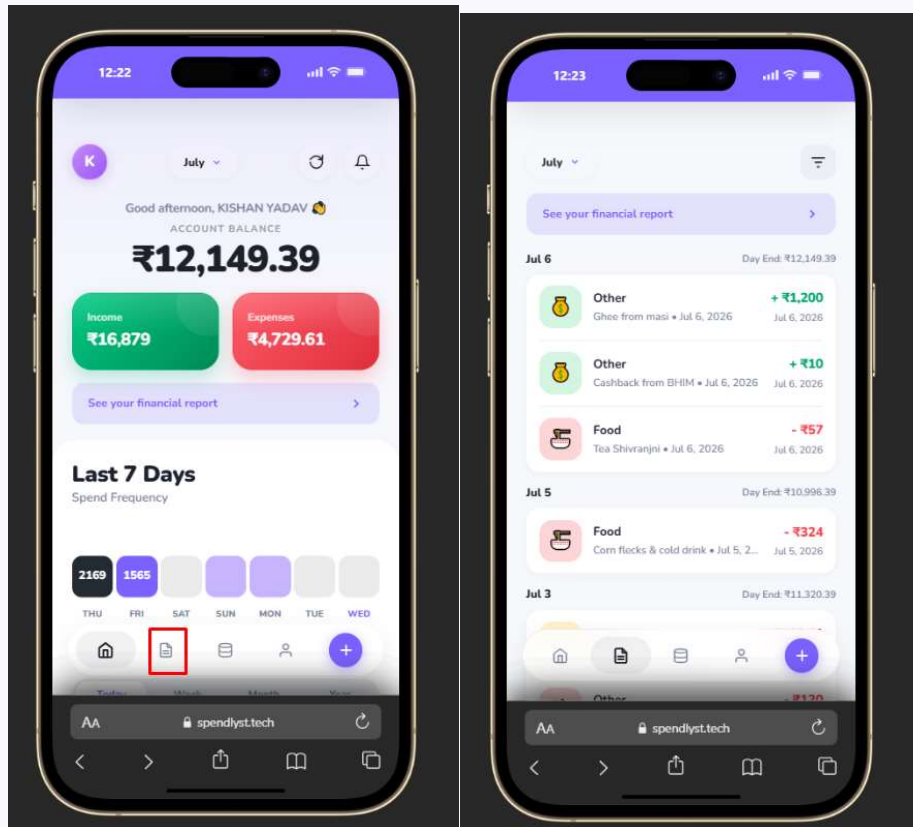

- Tap the + (plus) icon in the bottom navigation bar.
- Choose either "Income" or "Expense".
- Fill in the following fields:
 - Amount
 - Category
 - Date
 - Description
- Tap "Save" to record the transaction.

View All Transactions

See a complete history of everything you've logged.

- Tap the "Transactions" icon in the bottom navigation bar.
- Tap "View All Transactions" to see the full list.
- Transactions are grouped by date with a running day-end balance.

Manage your account settings or sign out from the Profile tab.

- Tap the "Profile" icon in the bottom navigation bar.
- Review your account details and app settings here.
- Tap "Logout" to sign out of your account.
